Hello Everyone,

Can't believe it is all ready April. Time truly flies when your having fun and I have been having a blast going back and forth to San Antonio to see my new grand baby Whitney. Well, ok, maybe I wish she lived closer.

Don't forget your teddy bears for Spring Round Up! I've got mine and hope to have more by the time I leave to head to Bowie. This year is going to be extra special for me since grand son Dalton will be riding. There is nothing better than family at an AASP&RC function in Bowie.

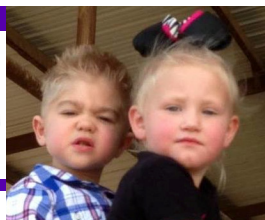

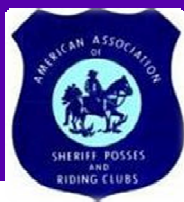

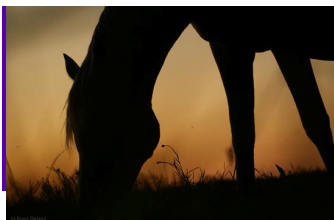

The flyer to the right is happening this weekend and they are working to benefit rescued horses. This sounded like a good idea if your in the Burleson area.

If you read a little farther on, there is another flyer for the "First Annual Ashley Virden Memorial Barrel Race". This is in May and also for a very good cause.

Ashley was a member of the West Texas Extreme Riders many years ago and also attended a Playday Finals. She was sweetie who loved to ride her horses and took it very seriously. She left this world way too soon in a horrible horse accident. So if you find your self close to San Angelo on May 8-10 come ride at the Spur Arena.

I better close now and start packing for the next adventure on the road again. See you all in Bowie! Or See you on the Flip Side, of the next page, Stephani

Hi, my name is Wendy Vann. We are hosting our 3rd annual event that will benefit two great organizations, Cooks Children Center of Ft Worth and Life Gift Organ Donation Centers across Texas.

On October 16, 2011, I lost my 22 year old daughter to a rare illness that she had never even been diagnosed for called AVM - **Arterio-Venous Malformation**. Before that moment she had already made a big life choice to be an organ donor. What we didn't know was that one of the important people that were going to benefit from this choice was an 18 month old little boy named William. I found out the night before they took her in for harvesting that while we were at Harris Methodist of FTW, right next door at Cooks Children one of the recipients was waiting patiently. Although I was dealing with major grief of losing my child, my thought was also going out to the family next door and knowing that another family would not have to go through what I was because of my daughter's life choice.

Since this time, I have got to meet and talk to many of the recipients that my daughter helped save. I had a big choice to make –be angry at the fact God took my child and mother of my grandchild or use what had happened to make a difference and not let her death be in vain. I choose the latter. I started talking to both organizations and took what both my daughter and I love and decided to do something with this.

We are asking for your support in helping these organizations in a big way. We are hosting the 3rd annual, "SAVE A LIFE – RIDE A HORSE" benefit. Out of this Cook's Children's will receive new teddy bears, that will be given to children that are being admitted, and Life Gift Organ Donation Centers will receive 30% off proceeds made from this Jackpot to help with funding, research and the cost that goes into organ donations. 70% will be paid to entries, so no money is made by this event. Please help us make this happen. This is a 501c non profit association so your contribution will be tax deductible. A tax donation letter will be sent to your address for your records. Please make all checks to the **"Save a Life – Ride a Horse Benefit Fund"**.

Hello everyone,

Here it is the 21st of March and spring has sprung. So far it has been a wet year. It has remained muddy all the time but the lakes are not getting any appreciable run off. The beneficial moisture we have received is setting it up for some major run off if we ever do receive some big rains.

District 5 play day at Hawley was rained out and the way things are going I'm beginning to wonder if we will get it in at all. As a matter of fact the arena at Hawley has remained so wet we have not been able to play day at all for over a month. Needless to say it has been too muddy and slick to ride. Ruby and I have not been horseback in over a month.

The Spring Roundup is scheduled for 17th and 18th of this month. It may well be over by the time you read this. The barrel race benefitting the Children's Hospital and the Organ Donation Center is again scheduled for Friday and Saturday evenings and the play day is scheduled for Saturday morning. Last year the play day was over shortly after noon. I hope this year the play day will run events that are all official American association events. Last year we ran a 1 bucket flag race that no one runs. Seems to me we should run events that are official events. We do need people to come help out whether you ride or not.

Ruby and I will celebrate our 55th wedding anniversary the 2nd of April. Yes we are old. It is amazing how time sneaks up on you.

Rocky, my old play day horse will be 31 the 15th of the month. That is the equivalent of 93 for a person. We owned him all his life. He was sired by the AAAT horse Johnny Boone and out of my old Rocket Bar mare which made him a cousin to Dash For Cash. Yes, he had a license to run and did earn a ROM on the track and was a Stakes qualifier. He had blinding speed in the arena also. I'm hesitant to say it because it is almost unbelievable. He posted an 8.9 flag race in the Jacksboro arena. No it wasn't a short pattern. No one else ran faster than 10 and change. Oh the tales I could tell about this horse, both good and bad.

I hope everyone got their membership dues in on time. I would never remember them myself if not for Ruby. I can't blame old age for that. I have always been forgetful.

I hope to see a lot of you at Spring Roundup.

Region 6 VP,
Jan Crocker
