Lifetime Member of the AASP&RC

President Renee Guthrie

I want to start out with a BIG "Thank You" to ALL of the Chairpersons who have agreed to remain in Chair positions for the remainder of this year!!! I appreciate every one of you more than you know!!! Due to health issues of a family member, Becky Rhodes was unable to continue on and I want to wish this family member the best of luck with their health and a complete recovery!!! I also want to THANK those members that have stepped up when asked to fill the needed Chair positions. Those would be: Don McEwen as Grounds, Lisa Herrington as Awards, Gene Montgomery as Barns and Melissa Thompson as Audit. I would also like to THANK all the members of the Audit committee for all the many hours they have generously donated; Virginia Dunlap, Jeton Tumlinson, Donna Rutledge, Diane Johnson, Lisa Herrington, Jeni McEwen, Annette Waggoner and Lisa Herrington.

What makes a HERO? This is someone to look up to, be thankful for, that comes to your rescue, and you appreciate their dedication. At this time, I have MANY "heroes" that I would like to THANK for their dedication and coming to OUR (or my) rescue, for which I would like to share with you. As some, but not all of you may know, I spent the week of our Spring Break in Bowie trying to help with the first barrel race under my presidency, the cleanup projects and with the repairs that were needed before we could enjoy the grounds to their fullest for the remainder of this year.

Upon my arrival, I found Heath Elfritz with Carla at his side plowing up arenas with the generous loan from Carl Martin of his tractor. After a bit of plowing and dragging, (I never realized how HARD those arenas get in the "off season"), the arenas were ready for Darrel Brown and Cal Bowman to water. Yes, they were getting ready for a District playday, but their efforts were certainly appreciated by the barrel racers on Sunday. The barrel race and concession combined allowed us to make a nice little profit for the day.

Kathy Whatley, with the combined efforts of herself, Marie McEwen, Janice Blahuta and Bailey Whatley showed me a very nice surprise in the Concession Stand. We are definitely ready for business in there! They have scrubbed floors, walls and even ceilings, cleaned refrigerators and freezers, you name it, it is CLEAN and shinny! (You know they left the grill for Don!) I spent close to a week on cleaning that thing last year with help from Bill and Loretta Jeter and we didn't get it quite this NICE!!! Thank you ladies for ALL your HARD **WORK** in getting the Concession Stand in the tippiest of tip top shape! I also want to thank Kathy and her family for donating a new electric deep fryer to the Concession Stand!!! Kathy has cleaned up the gas fryer to perfection and if you would like to bid on it at the live auction during SRU, it CAN be yours!

The barrel race on Sunday went off without a hitch. Misty Martin had everything organized and had gathered up enough help to keep everything on time and running smooth as silk, but I'm sure if anyone could offer their time to add to the work crew for future dates, she would NOT turn down any help! Thank you Heath and Chris Cox for stepping up and doing some tractor driving. Thank you Stephani, K.D. and Queen Lauren for getting us the paperwork and to the Moody family for making the special stop over to pick up the paperwork. We do need to advertise a little better in the future to get more barrel racers up to the grounds for the Second Sunday Barrel Races, but I think we have a good program that Donna put together.

Something I need you all to be aware of when driving around at the grounds until we can get a plan together to remedy a small problem: between the gravel drive on the East side of the bathrooms and that first electrical pole going on to the East, there are a bunch of nails (we picked up some, but there are still some left) and a considerable amount of unburied cable pieces sticking up out of the ground that could be pretty hard on your tires! I had to find this out the hard way! So PLEASE, do NOT drive through that area. We are going to try and mark this area off before SRU, but in the meantime, stay away from that area. Thank you Darrel and Cal for ALL your HARD work in helping get my tire changed! You guys sure got one heck of a good work out! Sylvia, I think we would still be there if you hadn't been reading us the owner's manual. I want to Thank Wayne Moody for his help and expertise on Sunday and congratulate him on being elected by Region 2 to serve as the new Region 2 VP (with approval by Executive Board). I also want to congratulate Corey Waggoner for becoming the new District 31 President. I have already had to call on him for several issues and he is making every effort to accommodate me.

This trip found me spending some of our money by paying the outstanding diesel bill and for the 100 gallons we had delivered on Thursday before my arrival. I also paid our property and school taxes. I also bought a water heater for the Office with the help of Gene Montgomery. I also had to purchase some fence materials for the East end of Arena 1 where there was some missing fence.

Monday evening, with the help of Lisa Herrington along with Jordan Lane, Kristen Herrington and Colton Niblett, we tackled the Association Office. We hauled out eight large bags of trash, organized a lot of paperwork, swept and mopped the floors and dusted all the furniture and walls. We now have an almost "like new" office to work out of. Thank you Lisa and crew for all your help and to Glen Nobile for the loan of your vacuum cleaner (ours is out of commission due to some critter chewing the hoses off it so if anyone has a vacuum they're not using and would like to donate to the Office, we would sure be proud to accept.)

There wasn't a day go by this Spring Break week that someone didn't come out and help work on something or bring some of the items from last month's Wish List. Gene and Don got most of the leaks in the water system and bathrooms repaired. The broken window in the Concession Stand was replaced by Don with Jack's help. Bobby Fennel and Gene donated some much needed tools. Junior Oates got the women's bathroom in the office repaired and put back together. Buster Jones with help from Barbara and Brittney brought and installed new toilet paper and paper towel dispensers along with extra paper products; they also chipped in where needed elsewhere. Sam Cauthen, Eric and Summer Savage got a good start on the repairs of the Arena 1 fence and Sam has very graciously agreed to get a crew together to finish that project. Glen is tirelessly trying to get a tractor ready for us by CMSA and SRU and was very generous with loaning equipment for the workday. If none of you understand how much Glen does for us, you need to ask around and we all owe him a very BIG THANK YOU! Mike and Charmie Sanders with the help of Augie Nobile picked up all the downed tree limbs and most of the trash and hauled off a trailer load of junk, plus a whole lot of other trash disposal. I want to THANK each and every person that donated time, muscle, and expertise or Wish List items during this week and helping with the many projects at the Association grounds!!! I have saved my best for last: Don McEwen was out working EVERY day with or without me, with or without help, getting something taken care of (and is still working daily on stuff). Don and these above mentioned people have a tremendously generous spirit towards the Association and I would really appreciate everyone letting ALL of them know how much we appreciate ALL they do in order for ALL of us to have a nice place to come and play!!!

We have the CMSA coming on April 2nd and 3rd, another Barrel Race on April 10th and then only 3 short weeks (April 15th, 16th and 17th) left till Spring Roundup. Now is the time to start sending in your registrations if you have not yet done so. Wes has pretty much everything under control for SRU and Cal has everything good to go for the Sorting. To Wes's credit, he has left very little for me to worry about. Kathy and crew are going to be working on the Dinner and the Breakfast this year so our Concession Ladies are working double time in there this Spring Roundup, so PLEASE if you have a chance, jump in there and offer them some help when you can, I know they would really appreciate all the help they can get their hands on. Also, we are going to announce and meet the up coming Princesses on Saturday night of SRU and have a Live Auction of which UB Herrington has generously agreed to be our auctioneer! If you have anything to donate for the Live Auction, it would be greatly appreciated and remember to bring your checkbooks!

Until next month, May Your Arena Always be Too Small to Hold ALL Your Friends!!!
Renee Guthrie

Executive Vice President

Hello All!

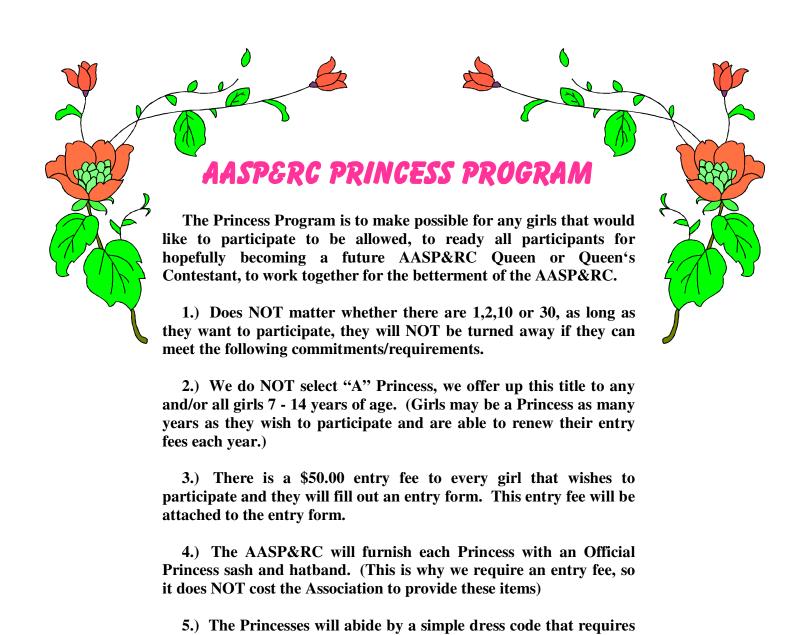

Wow seems like things are moving fast now. At the district 31 playday on March 2nd a brief meeting was held to put to light some of the recent changes in our association. Since I had been moved into the executive vice spot, this left a hole for Region 2 vice presidency, I recommended Wayne Moody and he was elected. Wayne acceptance left the Dist. 31 presidency open, nominations were accepted, votes cast, and Cory Waggoner is now the Dist 31 president. Wheww.... Region 2 and District 31 are made up of the best people I know. It has been an honor and pleasure to serve them all these years. They are a wonderful bunch of people to work with and I know Wayne and Cory will do an awesome job as leaders. The dist 31 playday was great, we had tons of out of town visitors including Queen Lauren O'Brien and President Renee Guthrie, as well as Summer Savage and her crew and many, many others. 4 or 5 new families joined as well. During the week after the playday a big group came to the house to trail ride, I went to the grounds to pick up Renee's kids and horses, (Not sure who I was rescuing from who). We had a great trail ride, in spite of a couple "mini" rodeos. Had a couple "8 second" rides! Spring Round up is just around the corner. I hope to see many of you there supporting our wonderful association. Things are tight and we all need to work together and show our support to get back on our feet again.

See you all down the road! Charmie Sanders Exec Vice

Urgent!

Starting immediately do not send anything to the Bowie address. All correspondence need to be sent to the Kempner address: AASP&RC, P.O. Box 423, Kempner, TX 76539

them to wear a long sleeve western shirt, jeans, belt, boots and western hat anytime they are wearing their sash and/or working their scheduled work list. At all other times, they may wear this

6.) Princesses sign up at or before Spring Roundup. At the dinner of Spring Roundup they are introduced as the Queen's Court. (Will have a 1 minute or less introduction prepared to tell everyone their name, age, city/town of residence and a little bit about themselves.

7.) They will get a ceremony of installation the first night of

Princess uniform if they wish, but is NOT required.

Basically a mini speech.)

Playday Finals.

How did it get so late so soon? Its night before its afternoon. December is here before its June. My goodness how the time has flewn. How did it get so late so soon? ~ Dr. Seuss Hey everyone,

Well we are little less than three weeks away from Spring Round Up! Which, in my book, means the association is going to officially kick the year off. Before we all know it, it will be June and Playday Finals will be here. I hope everyone has turned in their entry form for Spring Round Up. If not, hurry and get those entries in. But don't let that be the reason you don't show because this is a Spring Round Up you don't wont to miss! Tell yourself now that this is the year you want to attend all five main functions, because, trust me, each function is going to have its own little twist of fun and a extra crazy thing to it.

Spring Round Up this year is hosting a 4-D Barrel Race Friday night with an extra chance at a prize if you can guess your time. Saturday we will kick off the play day and again there will be a chance to win a price if you can guess your time on an event of the day. All throughout the day, we will have a baked goods sale, so buy your tickets in the morning when you sign in and have you horse's coggins checked. Saturday night the fun will continue with a dinner and dance and a live auction with U.B. Herrington leading the way! Sunday we will have a team sorting. So get your horses shaped up and get them ready to eat some cows on Sunday! (Haha I know my boys are going to be scared to death! Poor things; all they see is sheep!)

This past month has been pretty busy with getting things ready to rock at Spring Round Up but I did manage to attend the annual district play day in Hawley. I had a wonderful time and it was great to see everyone. I had not seen some of them since Play day Finals last year. I also got to attend a District 31 play day and had a blast! Such a fun group, crazy ain't got nothing on them! Thank you District 31 for having me. I hope to be back soon!

By the time this goes out (cause I am a slow poke about getting my article in the Rider's Round Up) (hee hee) I will have attended the ABC Rodeo in Lubbock, Tx and I know I will have fun cause last year was great! Also, I will have attended the last day of district play days here only meaning one thing... "That much closer to Play Day Finals!!" I hate to sound like a broken record but Play Day Finals is going to rock your world this year! May's Riders Round Up will have lots of details and I hope by then you have decided you are coming, cause you will be sorry if you miss out! So save that change and make it a date and I will see you there for some fun for all

I am getting booked up for April, so if you have an event or function that you would like to have me attend, please email me or call me and I will get you in the calendar! On another note this year, as Queen, I have decided that along with all my other stuff and fun things I wanted to do, I would also donate a saddle! I have chosen the pee wee girls saddle for Play Day Finals and I raising money through various means! At Spring Round Up, I will be raffling tickets for some very cool prizes like a headstall, some hay bags, and a few more various items. Another way I am bringing money in is through sponsorship or selling ads for the Rider's Round Up or the Programs for the functions. So if you have a business that you would like to advertise, or you just want to put a good luck ad in the program, email me and I will get you hooked up with some prices and answer any kind of questions you may have.

To end with, I mentioned earlier all the fun and extra activities we will be doing at Spring Round Up like the baked good sale and the auction. If you have an item that you would like to donate to auction, throw it in the truck and bring it with you. Trust me, U.B. will sell it like a pro! Remember someone's junk is someone else's treasure! Also, I know we all have a little Betty Crocker in us somewhere, so go be a super chef or baker the night before Spring Round Up or like the night before you leave and bring a yummy treat to raffle for the sale! KIND OF DONATIONS WOULD HELP, ANY WHETHER IT BE FOR THE AUCTION OR BAKED GOOD RAFFLE! It would be very greatly appreciated. The money raised from these two extra events goes into the general account. Meaning prizes and water for arena etc. etc. etc.

So I will see everyone in a few weeks with their game faces on and ready to rock and roll! Remember if you have not signed up get after it... Deadline is coming **QUICK!**

Current Coggins Required On Site

OPEN FEEDLOT SORTING RULES:

(2 Man Teams//\$30 per Team//5 Ride Limit)

- 1. Starting number for each team will be drawn when the team is in the arena.
- 2. There will be 10 cattle in the end of the arena marked with visible numbers from 0-9.
- A.) If one cow has a number that is faulty or missing, that cow can be used provided that the faulty cow is identified by the announcer over the PA system.
- B.) If more then one cow has a number that is faulty or missing, then the faulty cows will be replaced.
- 3. Cattle will be settled after each run to the satisfaction of the next team.
- 4. Once committed to the cattle by crossing the foul line, the team is responsible for the cattle. It is the responsibility of the team, before working the cattle, to pull up and call for an arena director, if, in their opinion, there is an injured or unusable animal in the herd. Once the cattle are worked, no excuses are accepted.
- 5. You are to start with the starting number and continue in numerical order. For example, your number is 6, you must first sort out number 6, then 7, 8, 9, 0, 1, etc.
- A.) Cattle are considered "sorted" when a front leg crosses the foul line.
- B.) If any cattle cross the foul line out of sequence, the team shall be judged "no time".
- C.) If any cattle already sorted come back across the foul line, the team shall be judged "no time".
- 6. You will continue to sort until all cattle are sorted or until you are out of time.
- A.) There is a 90-second (One and a half minutes) time limit.
 - B.) Teams will receive a 30 second warning.
- C.) You shall stop sorting if judged a "no time"
- 7. Teams are judged on the number of cattle sorted, not on the time it took to sort them.
- A.) If 10 cattle are sorted, then time will become the determining factor. The clock will be stopped when the last cow crosses the foul line.

- B.) It is permissible to stop sorting anytime and hold cattle already sorted until the clock runs out.
- 8. Cattle sorted in 3 go's beats cattle sorted in 2 go's, cattle sorted in 2 go's beats cattle sorted in 1 go. For example, if a team sorting is designated as 2 go rounds, the team that successfully sort cattle in both go's beat any team that only successfully sorted cattle in one go, when determining the average (8 head sorted in two go's, for example 6 the first go and 2 the second go, beats a team that sorted 9 in one go).
- 9. In the case of a "down cow", any team member can stop the clock by raising their hand.
- A.) In the case of a down cow, the options include but are not limited to:
- ~ If the cow is useable, allow the team to continue with the time remaining on the clock.
- ~ Remove the faulty cow, replace with another cow, resettle the herd, and continue with the time remaining on the clock.
- ~ Remove the faulty cow, resettle the herd, and start with the full time on the clock.
- ~ Disqualify the team for unnecessary roughness.
- **The decision is based in part on the time during the run that the animal went down and under what conditions.**
- B.) A "down cow" shall be defined as any animal that goes down behind the line, leaves or partially leaves the arena, or whose legs or body becomes entangled in the arena structure.

<u>YOUTH RULES:</u> (Ages 13 & Under//\$10 per Team//3 Ride Limit in Youth//can ride in the open but may not exceed 5 Ride Limit in total rides)

1. Above rules apply with the exceptions of....
