AMERICAN ASSOCIATION OF SHERIFF POSSES AND RIDING CLUBS, INC.

FOREWORD

The American Association of Sheriff Poses and Riding Clubs was organized in December, 1952 as the West Texas Association of Sheriff Poses and Riding Clubs, when a group of representatives from Sheriff Poses and Riding Clubs met to compile rules for judging parades.

There were 13 charter members.

The name was changed at a director's meeting during the 1955 Roundup to "American Association of Sheriff Poses and Riding Clubs", because of the interest shown over a much wider area. The AASP&RC is a national organization; however, the major part of our membership is in Texas and Oklahoma.

The Association's motto is "Horsemanship, Sportsmanship, and Citizenship". The purpose of the Association shall be to encourage the use of this motto and keep alive "The Spirit of the Old West".

The Association has a convention each year, at which Delegates gather to resolve the problems of the past year, set policies, elect officers for the coming year and present awards. A queen is selected at this meeting to reign over the Association for the coming year as an honorary officer.

The Association holds an Annual Roundup in the spring. Activities at the Roundup include horseback games, trail rides, dances, barbecues, church services, etc. In addition, those who wish to do so, may camp out in true Western Style.

Due to the growth of the Association, Districts were formed and District Headquarters designated. These Headquarters have the function of establishing a District for the convenience of riding clubs in the area. Each member club in the District elects two Delegates, who in turn elect District Officers and Regional Board as well as Association Officers.

Districts are organized into Regions for better operation of Association activities. The governing board of each Region is elected by the club delegates.

All clubs that would like to become members of the Association may obtain application forms from the Association office. Additional information may be obtained from any officer or board member of the Association.

The official publication of the Association is the "Riders Roundup", which is published monthly. This publication serves as the principal means of communication between the Association headquarters and the membership. Special bulletins for special events may be mailed when necessary.

HELPFUL HINTS FOR NEW MEMBER CLUBS

1. Set up a good set of by-laws and enforce them. When you relax them, you are deteriorating.
2. Keep down drinking in uniform. See General Rules: Language, Alcohol, and Conduct.
3. Set up an equipment committee to select your uniforms and also pass on your horses. Inspect horses of members and prospective members and assist them in obtaining the right kinds of horses to suit your club needs. Too much money is spent on inferior kinds of horseflesh.
4. Enter into all activities of your District as a Posse or Club. Mix with other Poses and Clubs. The fellowship and interest created will be invaluable.
5. Elect two delegates to represent and vote for your club at the District, Region and National levels.
6. It is the club's responsibility to keep the Association informed of the club activities in order that these ideas may be exchanged with others.
7. Sportsmanship is your best weapon, use it.

- A. The member club of the AASP&RC is the grass roots stockholder of the Association.
- B. Delegates: The two (2) Delegates from each club meet each year at the annual Convention to review the past, establish policies for the future, and elect Association Officers for the coming year.
- C. Headquarters: The clubhouse is usually the headquarters for the club. In some cases, however, a club uses a municipal building for meetings and only has a post office box as an address for the club.

- D. Officers: The locality and activities of a club govern the duties and names of the offices. The leader being called Captain or President is unimportant. It is suggested that each club consider patterning their committees, using the Association committees as guidelines. The club voice to the District and the Association is through their (2) delegates.
- E. Activities: The club is the basis for all legislation and competition in the Association. In most cases, clubs contest against each other at the district level, and then combine their efforts to compete against other districts. The individual, regardless of the level of competition, never loses his/her identity with the club. Exception: A club is authorized to add associate members from another club without paying additional Association dues. This provision was originally made to encourage competition in team events and permit contestants to find team mates through this associate membership in an additional club where it was impossible in his/her club. In order to participate as a member of any club other than his/her home club, a person must have met all requirements and must have been accepted into the second club as a club associate member by the same standards as regular members of that club are accepted and maintained. The membership of the second club must include the associate club members on the records of that club in the Association Office before he can compete in Association sanctioned activities as an associate club member. NOTE: This not to supersede the By-Laws of a local club. NOTE: All team events- have been discontinued.
- F. If a club has not been in good standing with no members joining the association within 2 consecutive years, the club will be dropped from the association roster.

Section 8 General Rules

- A. No person shall cause to be administered internally or externally to a horse, either before or during an approved event, any medication or drug which is of such character as could affect its performance, and upon discovery of the administration of such drug or medication, the management shall immediately disqualify the rider and report the matter in writing to the Association Office for disciplinary action.
- B. Horse or rider shall have no unnatural or artificial equipment such as hot shots or buzzers or any other items not normally used in Western Riding. It is a disqualification for that function only (using an electrical device)

- D. Any letter, whether unsigned or not, criticizing Association or members, must go to officers to decide if it will be published in the Riders Roundup.
- E. Equipment: Western Equipment is compulsory. Example: No bareback riggings or pads. Barrel race saddles built on western stock saddle type will be permitted. Exception: Protective gear or the uniform of drill teams,
- F. Unmanageable horse: Judges may disqualify an unmanageable horse for reason of safety.

Association stalls may be exchanged for privately owned stalls. All trades must be approved by the Association President upon the following conditions.

 2. Ten dollar per stall office fee;

- J. Stall owners shall be notified of necessary repairs and if after notification these repairs go unmade after 45 days, the Association will repair said stalls and the stall owner will be billed for the repairs.
- K. No Wire Pens. Panel Use Only, No T posts or electric fencing on grounds.
- L. No horses allowed in the RV area.
- M. Association Clubs, Districts, and Regions may use the grounds at no charge. The Region VP from that club or district will be in charge of assuring that the grounds are cleaned and any damage done to the Association grounds will be paid by the Club, District or Region.
- N. All contestants' riding attire is the responsibility of the rider; however, for safety reasons, the AASP & RC recommends heeled riding shoes, jeans, and a suitable shirt.
- O. No attachments can be built or added to stalls or barn areas. No expansion of stalls or shade barriers which cause obstruction in common areas. If a member has a mare with a colt under five months old, the member is allowed to put a ten foot panel extension on stall for mare and colt during an Association function. PARADES

Section 1 - Purpose

The AASP&RC in 1952 was originally organized for the purpose of standardizing parade judging forms and this is still one of our objectives.

There has been much time and many hours of discussion giving us the following rules for judging parades. The purpose now, as it was then, is to give each parading group an opportunity to know the points that will be observed as they parade, giving them an opportunity to be prepared, and the judges a definite point value, as to what each club deserves.

Parade judging forms are available at the Association office upon request. They are also available for nonmembers of the Association.

Parade groups may earn points toward championship by participation in sanctioned parades.

Section 2 - Specifications for Sanctioned Parades

- A. Request by the sponsoring organization for parade judging forms.
- B. Minimum of three (3) judges. Judges should be selected early enough so that they may familiarize themselves with the rules as set forth. Insist that each judge by these rules and not be influenced by anyone or anything else. Each judge must sign his/her judging form.
- C. Parade must be open to all Association member clubs in good standing.
- D. At least one member of the parade group must be a member in good standing with the Association.
- E. If only one group is parading, they can still be judged and their points counted, if it is judged by the AASP & RC rules.
- F. Furnish each judge with a judging form and parade order of each riding club. The office is to send a completed example of a judging form to each organization who requests forms for sanctioned parades.
- G. All judging forms that were used, not just the winners, must be returned to the designated address of the Association office for permanent filing. These records are the method by which points are given toward accumulation for an annual award. Individual names of the parade participants must be listed on the back of the parade form.
- H. If you wish to judge juniors and seniors separately, a junior club is one with no more than three (3) adults riding in it. Junior riders will be 17 years old and under.
- I. For safety reasons, any unruly horse in a parade group could disqualify or cause loss of points for the entire group.

Section 3 - Qualifications for Championship.

- A. Results of parades sent in on Parade Report Form by participating clubs within 30 days after parade date. Points for parade participation should be turned in at least 30 days prior to the Convention for year end awards.
- B. Clippings from newspapers sent in when available.
- C. Points earned in sanctioned parades are as follows: 1st-- 10 points, 2nd-- 6 points, 3rd-- 4 points. Points are accumulated throughout the year at sanctioned parades.
- D. Awards Presented at Convention.
 1. Parade, Senior Division, 1st, 2nd, place awards.
 2. Parade, Junior Division, 1st, 2nd place awards.
 3. The Grady Munden Memorial Award, a traveling trophy, is presented each year to the first place junior parade group.
- E. A riders' roster must be turned in with the report form to assure that at least one of the riders is an AASP&RC member.

Section 4 Parade Guidelines.

Explanation of Judging Forms: There are four phases of judging. The first three are a simple mathematical process and the fourth is a matter of judging each group as to the behavior of horses and riders, spacing of participants, and general appeal and attractiveness of the overall group. The winners will be determined by the total points earned in the four phases of judging. The highest total number of points will be the winner, next high, second, etc.

Uniformity of Horses

1-10 Bonus points are given for generally matching size and color of horses within the group.

Grooming of Horses

Subtract 1 Point per Horse for not being properly groomed (Clean, Brushed and Trimmed, Feet, Body, Mane and Tail)

Uniforms

Subtract 1 Point for each horse and/or rider out of uniform.

Judges Decision

1-25 points - Poise, Precision and Showmanship - Each Judge will judge the group as impressed with the good and bad features of the group. Judges form will provide for a 10 point bonus for grooming with a subtraction of points for horses not properly groomed and dressed.

Section 5 Parade Ethics**A. Flags**

1. American Flag takes precedence over all other flags
2. State flags take precedence over all club flags.
3. The American flag should always be on the right, state flag on the left when carried together.
4. State flags should be carried on the right and club flags on the left when carried together.
5. The American flag should lead, State next and club next in that order when carried single file.
6. The American flag should always lead a parade with the lesser flags behind it. In some cases it has been permitted for each Posse or Club to carry their own American flag at the head of their unit, but it is not considered the best ethic.
7. It is general practice for Association flags in parades to lead the parade behind the American and State flags or in front of the first mounted group.
8. All persons carrying flags, other than the American flag, should lower the tips of their flags in respect to the National Anthem.
9. It is not necessary for riders carrying flags to remove their hats during the playing of the National Anthem.

B. Association Officers.

1. Since Association Officers are representing our entire Association, they should have a place of honor before any riding group in a parade or grand entry.

C. Parade Ethics: Suggested Protocol for Parade lineup.

1. President or Queen
2. When the Queen is placed in double file with the President, she shall ride to this left, when she is double file with an Officer, she shall ride on his/her right.
3. Regional Princesses.
4. Elected Officers.
5. Regional Officers.

D. Riding in a Parade

1. Try to look as though you are parading and not riding the range in your most comfortable, slouchy position. It does not make you look like a cowboy, but only detracts from the parade as a whole.
2. Ride straight in the saddle, holding your reins as though you could control your horse if the need arose.
3. Hold a flag straight so people can see it and not lay it down as though you were about to drop it.
4. Stay in line and watch your spacing from other horses. The rider on the right is responsible for keeping the space from the other horse in front and staying in line. The rider on the left dresses off him, and keeps his horse in line with riders in front of him/her.
5. Execute your turns in parade fashion. Don't cut across so you will not have to ride so far. If pivot turns are ordered by your Marshall, execute them correctly, if criss-cross, then do them as prescribed.
6. Only one rider per horse.
7. Children may be led and points will not be counted off. They should be at the back of the parade group.

- E. Parade Marshals.
 - 1. Be sure dignitaries and invited groups are met and told what position is reserved for them. Don't leave them standing around wondering if you really knew they were invited. This is most distressing on the person you have invited, and shows very bad planning or bad manners on the part of the host club.
 - 2. Prepare a list of people riding in the parade and see that they are introduced as they ride by the judges' stand, or other places where you have loud speakers. Get their name and organization correct. Calling someone by a wrong name is worse than not calling it at all. Be sure your announcer has the name and organization correct. This is all very important to your clubs and town. Bad mistakes reflect on the host Club and everyone connected with it.
- F. Grand Entry
 - 1. Brief the announcer early on who is to be introduced and prepare a list for him. A spotter also helps even if you have a list, because your rodeo announcer is usually a stranger and does not know the procedure or people.
 - 2. You, as Sponsor, are the boss. You are paying the Rodeo Producer or Stock Contractor to furnish the stock or produce the rodeo, and he is supposed to do as you wish. This should be understood before you hire him.
 - 3. Association officials who ride in your parade and grand entry should also be introduced, not so much for the person, as for the Association. It is your Association and the more it is brought before the people, the more help it will be to your future Rodeos and Parades.

Section 6 Officials

- A. Minimum of three (3) judges. (One additional person may be used to determine the adjusted number of each riding group.)
- B. Judges should be familiar with judging forms.
- C. Judges' discretion should be used to determine in which type the group belongs.
- D. Complete the first three phases of your judging, if possible, before the parade begins. However, do not hesitate to change your figures if you find them to be incorrect at any time, (Some may arrive late or some may improve after you have inspected them)
- E. Be accurate. If time does not permit completion of the first three phases of the judging forms before the parade, have parade groups return to the forming area for completion of judging.
- F. Place judges in advantageous positions to judge the parade. If there is a "Spooky" place on the parade route, let one judge see all of the groups pass it, one should see them on the straight, etc. Don't change positions; judge them all under the same conditions. This means you will likely show different scores, but it will give you complete coverage, likely showing weaknesses and strengths of each club.
- G. Judging schools or instructions are available upon request at the Association Office.
- H. If desired, each judge may be assigned only one section to judge instead of all judges judging all sections, but all judges should be responsible for overseeing the compiling of points.

REVIEW

Presentation of Scrapbooks to be at Convention, with a 15 minute time limit for each.

Score Sheet and Judges

Entry forms or intentions to present a scrapbook are to be sent in 30 days prior to convention. The Judges must sign their sheet by name and district. After scrapbook entries have met the deadline, they will be judged. If a club enters a scrapbook, no member of the club can judge the class their book is entered in, but could be a judge in another class. The Scrapbook Chairperson is responsible for the judging score sheets, collecting and counting them.

Divisions and Awards

- A. Senior Division: The Senior Division Traveling Trophy is donated by Region 7 in honor of Bill and Addie Renfro.
 - B. Junior Division: A book to be composed by members of the club 17 years and under.
- There will be 1st, 2nd and 3rd place awards in each division in conjunction with the traveling trophies. Traveling trophies are to be displayed at the Association Office.

The scrapbook Chairperson is to send letters to each club president and put notices in the Rider Roundup and follow up letters, including name, addresses and phone numbers of the past Chairpersons to be contacted for advice on Scrapbooks. This is to be after the Convention, with a quarterly follow up letter to the Riders Roundup. Also recommend any club wishing to enter a scrapbook keep all articles and pictures.

Scrapbook may be submitted by Clubs, with notification to Scrapbook Chairperson 30 days prior to Convention, that a scrapbook was being submitted (so they would know which categories they would need awards in).

PLAYDAY GAMES

The section of Playday Games is to acquaint the membership with the games that have been approved to be run at the Playday Finals and the rules governing them. The playday activities of the AASP&RC are a family affair. In many cases the entire family participates in the competition along with doing the manual labor in the registration booth, concession stand, the announcer's vantage point where the records are kept. This tends to prove that there are many aspects by which the entire family may contribute in many ways to the Association motto of "Horsemanship, Sportsmanship and Citizenship".

The member clubs of the AASP&RC compete at the district level to qualify its contestants to go to the Playday Finals of the Association. These individuals from each club who qualify to represent their district at the Playday Finals compete for individual and district recognition.

Records are of great importance. The Association playday records are kept in the office by the system which accumulates individual points. This enables all contestants to compare times with each other regardless of location of the competition or arena size. Each game has its own formula of adjusting the dimensions according to the size of the arena.

NEW GAMES

The games to be run at the playday finals will be on a rotating basis starting the 2010 playday season with the exception of poles and barrels. Delegates at the convention can adjust or amend all playday games. Beginning in 2010, the following game rotation will be in effect:

The games are listed with a number. After year one (1) each game at the top of the list will simply drop to the bottom and the rest will move up one spot in the rotation. (TBD indicates the event yet to be named.) Each year, we will run the events indicated PLUS Poles and Barrels.

Clover leaf barrels and poles are not part of the rotation as decided at a previous convention. Only the first six (6) on the list are used each year.

CURRENT PLAYDAY GAMES

BARREL RACE

This is a timed event. Rider will cross the timer line, make a 360 degree turn around the first barrel, go across the arena, make a 360 degree turn around the second barrel, then make a 360 degree turn around the third barrel and return between first and second barrels, crossing the timer line. This is known as a clover leaf barrel pattern. Riders may run either the right or left pattern.

EQUIPMENT REQUIRED

1. Timer line (designates the beginning and ending of each race marked by chalk or lime).
2. Three (3) 55-gallon standard oil drums with the dimensions being 23 inches from outside to outside on the ends and 34-1/2 inches long from the outside lip on top to the outside lip on bottom, placed in a triangle formation ninety (90) feet apart for a cloverleaf pattern. First and second barrels are sixty (60) feet from the timer line. Measurements should be taken from the center of barrels. Barrels must be a minimum of fifteen (15) feet from any arena fence.
3. Barrels must have barrel protectors.

PENALTIES

A five (5) second penalty will be added to the rider's time for knocking over a barrel.

DISQUALIFICATIONS

1. Breaking the pattern.
2. Failure to complete the race.

OFFICIALS

There needs to be at least 2 judges in the arena standing at all times during the event to observe patterns and set up any barrels in their proper place when knocked over.

PATTERN ADJUSTMENTS

Adjustment for non-standard arenas. See the arena size diagram preceding games.

The arena that is too large creates no problem because the standard pattern can always be used.

The arena that is too narrow can be adjusted by placing number one (1) and number two (2) barrels at the fifteen (15) foot minimum distance from the fence, then measuring the distance between the one and two barrels and subtracting from the total standard pattern of 270 feet. Number three (3) barrels should be placed half of this distance from number two (2) barrel. The triangle totaling 270 feet.

Example: 100 foot arena - 30 feet (15 feet each side) = 70 feet

270 feet - 70 feet = 200 feet.

200 feet divided by 2 = 100 feet.

Third barrel is 100 feet from the first and second barrels.

Start and Finish Line
